## BARRIERS TO BUSINESS

**WHEN ?** Friday Evening - 6 July - from 6.30 pm - 10.00 pm

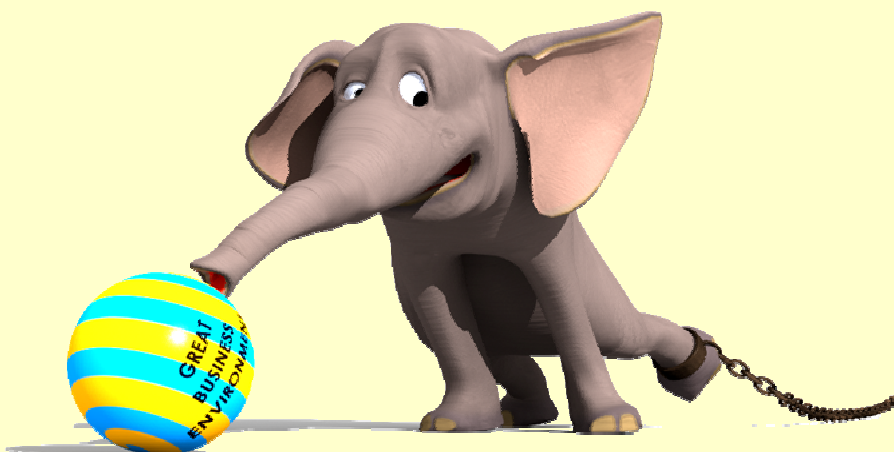

**WHERE ?** At Nafasi Art Space (see attached map) in Mikocheni.

The Nafasi Art Space in Mikocheni will play host to a **CARTOON** exhibition with an awards ceremony to follow. Some of the best known artists in town have drawn cartoons commenting upon issues of power, roads, corruption, water and access to investment finance in Tanzania. These are just some of the major stumbling blocks highlighted in the **BUSINESS LEADER PERCEPTIONS SURVEY** on the state of the investment climate in Tanzania.

Doing business can be an uneasy business in Tanzania but don't let it get you down, you will also be treated to a preview of the brand new radio satire **'WACHA MASHARA'** (No Kidding) as actors from the show will put on a sketch based on the main findings of the report.

On a more serious note, Christine Kilindu from the **Confederation of Tanzania Industries** will kick off proceedings followed by contemporary dance company, **Dar Dance International**, who will express what they have to say about corruption in a piece called **MOVE**.
